# Team Placement

If your child played in the spring season and registers in the period when registration is open. They will have their option to stay with the team they played with. Even if the child's age changed.

---

If your child played the previous season and registers in the period when registration is open. They will have their option to stay with the team they played with. As long as their date of birth is in the same time frame as the division.

---

If your child does not play the previous season, then they can make a request where to play, but will not bump any players from the previous season.

---

If you register your child after registration is closed. You can make a request, but the league can place your child on a team to even out the teams.

---

# Rain Outs

It was decided by coaches:

- your game gets rained out, play same team when made up

## Procedure:

- group text between both coaches and myself
    - you will have 3 choices
  - if coaches can't agree, I will make the decision
- (please don't make me have to do that)
